

Revitalisation Project Update 6 August 2025

Dear St Michael's Community,

St Michael's is undertaking an exciting and significant revitalisation project as part of our forward-looking vision. The revitalisation aims to prepare for the next phase of our church's life by transforming our church building to better serve both the present and future congregation and the wider community.

Important Dates:

18 August 2025

Works on the St Michael's Revitalisation with Purpose project begin.

As we progress through the Revitalisation Project, we will update our community regularly on our website and in our eNews.

To get news and updates directly to your inbox you can subscribe to our [eNews here](#) or email reception@stmichaels.org.au

The project so far:

- **20 July 2025**

Last service in St Michael's Church before the Revitalisation Project begins.

- **27 July 2025**

Church services will be held in St Michael's Hall from Sunday 27 July until the completion of the works.

- **28 July - 30 July 2025**

Front pipes of St Michael's Grand Organ were removed by Australian Pipe Organs and taken off site for cleaning and repairs.

They will be returned at the completion of the Revitalisation Project.
